**Re: Depositions**

Dear Dawn:

I am writing to thank you and your company for the wonderful work you have done for Ballard Spahr. As you know, I began using Ace in May 2007 for the attorneys in our litigation department. Since then you and your company have done numerous depositions and transcription projects for at least ten different attorneys in our litigation department. The feedback from the attorneys, which include partners and associates, has been tremendous. I have been told by the attorneys that used Ace how terrific you and your reporters were at the depositions and most importantly how precise the transcripts were.

Thank you for the excellent work product. I look forward to working with Ace on an ongoing basis.

Very truly yours,

Gianni V. DiMezza
